# Global Leader in Biosecurity and Food Safety

**Kersia offers value added hygiene products and solutions to prevent diseases or contamination in both animal and humans at every stage of the food supply chain**

## **Our Mission**

To provide partners and clients with the most innovative solutions to ensure food safety and community hygiene.

## **We Help Our Clients:**

- Anticipate changes
- Achieve operational efficiency
- Protect their companies' reputation
- Boost their sustainable performance

## Our Values

### **Transparency**

To believe food is safe, consumers demand total transparency.

We build long-term relationships by being open, ethical and fair. In a field confronted by sanitary and compliance issues, people trust us since we are true to our word.

### **Sharing**

Open culture is the secret to progress.

We learn and progress from the experience of customers, colleagues and partners. Honest communication amongst people with different experiences helps us develop new solutions and make a difference.

### **Proficiency**

Biosecurity needs an integrated approach to analyse and manage risks.

We eagerly engage our clients to identify issues and focus on their needs to get it right. We deliver reliable results and comprehensive performance by mobilizing the best of our skills and technical talent

### **Foresight**

Food safety is challenged everyday by new and often unpredictable issues.

We constantly anticipate transformational change. We think "outside the box" when confronted with new challenges. It is in our nature to innovate and to approach our work with fresh but sustainable options.

# Cleaning Is Not Enough

“Documented systems are essential for effective hygiene.”

The food hygiene regulations 2006 introduced legislation on the need for all food businesses to operate a documented food safety management system in line with the principles of HACCP (hazard analysis, critical control point).

An essential element of this system is cleaning documentation. Enshrined within this legislation is the need for all food premises to be maintained in a clean condition and activities related to the maintenance of safe food production to be recorded..

If the disinfection part of a cleaning process is to be effective, it is vital that the surface to be disinfected is free of food soil or chemical residues.

See below table for a summary of industry standards for disinfectant products. It is important that you choose the correct disinfectant for an effective clean.

**\* Use biocides safely. Always read the label and product information before use**

EN Test	Description
EN1276	Quantitative suspension test for bacteria
EN13697	Quantitative non-porous surface test for bacteria and/or fungi
EN1650	Quantitative suspension test for fungicidal activity
EN14476	Suspension test for virucidal activity
EN1500	Hygienic hand rub test
EN1499	Hygienic hand wash test

## Sales & Technical Experts

Our experienced sales force comprises a diverse and talented team made up of high-level sales & technical experts.

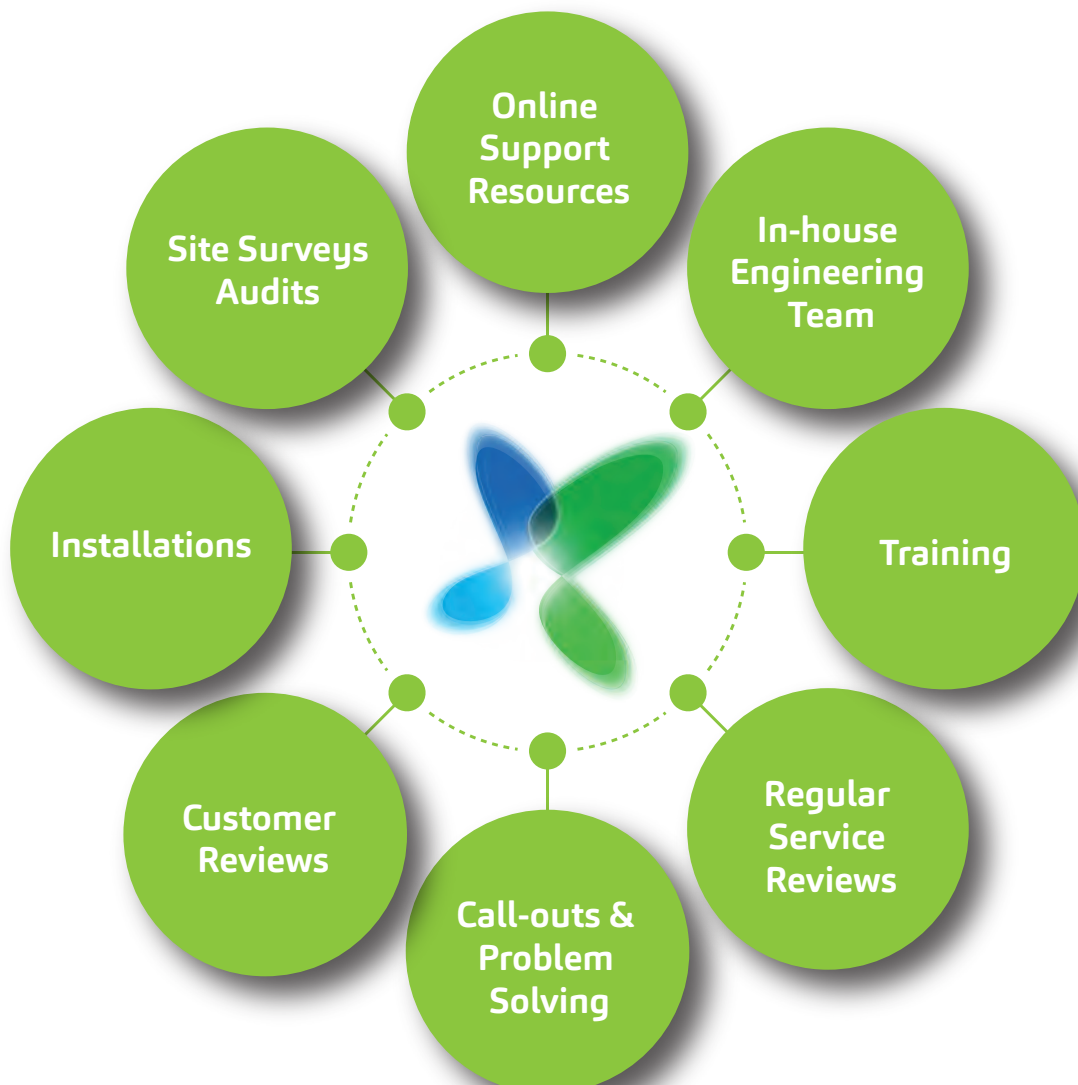

Always ready to offer solutions and services to help client's keep their environments clean and safe, operate efficiently and achieve sustainability goals.

We focus on the future by delivering positive outcomes for our customers as well as the planet.

## Service Offering, Expertise and Know-How

Kersia UK has service coverage across UK and Ireland with focus on **cost savings, safety and operational efficiencies**.

We manufacturer in the UK along side the R&D, technical and customer support functions in Bury, Greater Manchester.

# Markets & Products

## Our Markets Segments

Providing effective hygiene systems and solutions across a number of sectors, meeting our customers' needs and mindful of the ever increasing pressures placed on their businesses

- Long Term Care
- Hotels
- Catering Services
- Education
- Sports Facilities
- Restaurants
- Healthcare
- Contract Cleaners
- Convenience Stores
- Retail

## Our Products – Hygiene Solutions Adapted to your Industry

We meet the challenges of public health, food safety, user safety and sustainable development through our wide range of performance hygiene solutions.

- Food Hygiene
- Floor Care
- General Hygiene
- Dishwashing
- Disinfectant
- Hand and Body Care
- Laundry Services

# Dishwashing

## Dishwash Special

- Premium detergent for automatic dishwashing
- Suitable for use in extreme hard water areas
- Suitable for cleaning crockery, cutlery, glassware and plastics

**OPTK60** 2 x 5 litres  
10 litres

## Machine Dishwash

- Dishwash detergent for automatic dishwashing
- Suitable for use in all water areas
- Suitable for cleaning crockery, cutlery, glassware and plastics

**OPTK6** 2 x 5 litres  
10 litres  
20 litres

## Destain Dishwash

- Premium detergent for automatic dishwashing
- Chlorinated formulation
- Excellent removal of protein and tannin deposits

**OPTK7** 2 x 5 litres  
10 litres  
20 litres

## Utensil Dishwash

- Dishwash detergent for automatic dishwashing
- Aluminium safe
- Ideal for non-corrosive cleaning of aluminium pots, pans & utensils

**OPTK28** 10 litres

## Rinse Aid - Acidic

- Rinse additive for automatic dishwashing
- Suitable for use in medium and hard water areas
- Reduces drying time and leaves a spot free finish

**OPTK38** 2 x 5 litres  
10 litres  
20 litres

## Rinse Aid - Universal

- Rinse additive for automatic dishwashing
- Suitable for use in all water areas
- Reduces drying time and leaves a spot free finish

**OPTK8** 2 x 5 litres  
10 litres  
20 litres

## Holistic Green Washing Up Liquid

- Eco Label accredited / Licence No: IE/019/004
- One 2x5 Litre pack will provide over 1300 in use solutions in a typical 15 litre sink
- Suitable for manual cleaning utensils, crockery and cutlery

**HG001**    **2x5 litres**  
**6x1 litres**

## Premium Washing Up Liquid

- Concentrated premium detergent
- Excellent grease cutting properties
- Suitable for manual cleaning utensils crockery and cutlery

**OPTK25**    **2 x 5 litres**

## Washing Up Liquid

- Concentrated neutral detergent
- Suitable for use on stubborn stains.
- Suitable for manual cleaning

**OPTK5**    **2 x 5 litres**

## Bacti Blue \*

- Concentrated detergent disinfectant
- Suitable for cleaning utensils, crockery and cutlery
- Complies with EN1276 and EN13697 when used as directed

**OPTK31**    **2 x 5 litres**

## Bar & Cellar

### Beerline Cleaner

- For cleaning beerlines
- Also suitable for pumps and dispensing equipment
- Premium formulation for the removal of yeasts and proteins

**OPTB1** 2 x 5 litres

### Purple Beerline Cleaner

- For cleaning beerlines
- Contains a colour indicator for ease of use
- Premium formulation for the removal of yeasts and proteins

**OPTB6** 2 x 5 litres

### Universal Rinse Aid

- Designed for dedicated glass wash machines
- Suitable for use in all water areas
- Reduces drying time and leaves a spot free finish

**OPTK8** 2 x 5 litres

### Machine Glasswash Detergent

- Designed for dedicated glass wash machines
- Suitable for use in all water areas
- To be used in conjunction with Universal Rinse Aid

**OPTB2** 2 x 5 litres

### Glass Renovator

- Designed to regenerate the "sparkle" of glasses after repeated wash cycles
- Can be used as additive to glasswash machine
- Can be used as a soak solution

**OPTK24** 4KG

# Kitchen Hygiene

## Ultra Concentrate Multi-Purpose Cleaner

- For cleaning of hard surfaces and equipment
- Ultra concentrate formulation provides excellent in-use costs
- Designed to be used via controlled dispenser

**OPTU1**  
**OPTE 234**

**2 x 2 litres**  
**Trigger**

## Ultra Concentrate Fast Acting Disinfectant \*

- QAC based disinfectant for cleaning
- Ultra concentrate formulation provides excellent in-use costs
- Complies with EN1276, EN13697 and EN1650 when used as directed

**OPTU2**  
**OPTE 235**

**2 x 2 litres**  
**Trigger**

## Ultra Concentrate Heavy Duty Cleaner

- For cleaning and degreasing heavily soiled areas and floors
- Ultra concentrate formulation, excellent in-use costs
- Designed to be used via controlled dispenser

**OPTU3**  
**OPTE 265**

**2 x 2 litres**  
**Trigger**

## Multi Purpose Cleaner

- General cleaner for hard surfaces and equipment
- Concentrated formulation
- Cost effective in-use

**OPTK1**    **2 x 5 litres**

## Sanitiser \*

- QAC based disinfectant for cleaning and disinfecting
- Concentrated formulation
- Complies with EN1276, EN13697 and EN1650 when used as directed

**OPTK2**    **2 x 5 litres**

## Heavy Duty Cleaner

- For cleaning and degreasing heavily soiled areas and kitchen floors
- Concentrated formulation
- Cost effective in-use

**OPTK3**    **2 x 5 litres**

## Holistic Green All Purpose Cleaner

- Eco Label accredited / Licence No: IE/020/00
- Designed for cleaning of hard surfaces and equipment
- One 2 x 5 litre pack of concentrate will provide 666 in use trigger bottle refills

**HG002**    **2 x 5 litres**  
**Dispenser Pack**    **HG002/D**

## Holistic Green Degreaser

- Eco Label accredited / Licence No: IE/020/004
- Suitable for cleaning all hard surfaces and floors.
- Removes fats, oils, grease and difficult soiling.
- One 2 x 5 litre pack of concentrate will provide 666 in use trigger bottle refills

**HG003**    **2 x 5 litres**  
**Dispenser Pack**    **HG003/D**

## Floor Cleaner & Degreaser

- Suitable for cleaning all types of heavy soiling on floors
- Contains "Anti-redeposition" technology
- Cost effective in-use

**OPTF11**    **2 x 5 litres**  
**20 litres**

## Bio Floor Cleaner

- Biological floor cleaner used to digest grease and dirt
- Non rinse formulation
- Contains non slip technology

**OPTK34 2x5 Litres**

## Heavy Duty Cleaner RTU

- Ready to use formulation
- Contains degreasing properties designed to cut through grease and carbonised build up
- Handy 1 Litre trigger pack

**OPTK3 6 x 1 litres**

## Oven Mousse

- Foaming heavy duty oven cleaner
- Its long contact time allows good grease and carbon removal
- Designed to be used on touch warm surfaces

**OPTK21 6 x 1 litres**

## Oven Cleaner

- Heavy duty oven cleaner
- Gel formulation
- Apply directly via powerwand spray

**OPTK15 2x5 Litres**

## Hot Griddle Cleaner

- Fast acting formula
- Removes grease and grime from grills, griddles, oven tops and ceramic hobs
- Apply directly to hot surfaces up to 175c

**OPTK40 6 x 1 litres**

## Self-Cleaning Oven Detergent

- For use in automatic systems
- Cleans and degreases stubborn baked on soils
- Suitable for all self-cleaning ovens

**OPTK37 2 x 5 litres  
10 litres**

## Degreasing Powder

- Degreasing powder
- Effective on a wide range of soils
- Suitable for equipment, fryers & floors

**OPTK14 10 kg**

## Destaining Powder

- Destaining powder
- Oxygen based
- For the removal of tea & coffee stains

**OPTK12 10 kg**

## Scale Away

- Concentrated acidic scale remover
- For use in dishwashers, urns and equipment
- Heavy duty formulation

**OPTK13 2 x 5 litres**

## Appliance Descaler

- Concentrated appliance descaler
- Removes scale build up in kettles, taps and showerheads
- Citric Acid based formulation

**OPTK39** 4 x 1 litres

## Bio Drain Cleaner

- Biological drain cleaning liquid
- Digests fats and oils to keep drains flowing and odour free
- Designed to be auto dispensed

**OPTK18** 10 litres

## QFD60

- Ready to use disinfectant
- Fast acting QAC Free formulation
- Complies with EN1276, EN13697 and EN14476 when used as directed. Effective against enveloped viruses.

**OPTK44** 6 x 1 litres

# Speciality

## Chlorine Release Tablets - Holtabs

- Concentrated Chlorine release tablet
- Effervescent and fast dissolving creating a powerful disinfectant solution

- Effective against a wide spectrum of micro-organisms including bacteria, viruses, yeasts and moulds

**OPTK16 200 tablets**

## Klor Release Powder

- Ready to use Chlorine release powder
- Suitable for cleaning /destaining crockery
- Effective at removing malodours from drains and sinks

**OPTK9 6x500g**

## Spray & Wipe with Bleach

- Ready to use formulation
- Effective at removing tough stains including mould tea and coffee from hard surfaces
- Cost effective in-use

**OPTK41 6x1 litres**

## Bleach

- Supplied as a concentrate, diluted down prior to use to give an economical solution
- Effective at removing staining and odours from cloths and mops
- Effective at removing staining, flavouring and odours from hard surfaces

**OPTF9 4x5 litres**

## Thick Bleach

- Supplied as a thick concentrate
- Effective at removing staining and odours from cloths and mops
- Effective at removing staining, flavouring and odours from hard surfaces

**OPTF10 4x5 litres**

## Stainless Steel Polish

- Ready to use formulation
- Leaves a shiny and streak free finish
- Use on non-food contact surfaces

**OPTK10 6x750ml**

## Label Adhesive & Mark Remover

- Ready to use formulation
- Solvent based product
- Designed for the removal of non-water soluble labels and adhesives

**OPTA14 6x750ml**

## Probe Wipes

- Impregnated wet wipes for disinfection of temperature probes

**OPTK22 6x150 tub**

## Virucidal Disinfectant RTU

- Ready to use formulation
- Complies with EN1276, EN13697 and EN14476 when used as directed.
- Effective against enveloped viruses.

**OPTA23 6x1 Litres**

## Anti-Viral Cleaner and Disinfectant RTU

- Ready to use formulation
- Complies with EN1276, EN13697 and EN14476 when used as directed.
- Effective against enveloped viruses.

**OPTA29 6x1 Litres**

## Anti-Viral Cleaner and Disinfectant Concentrate

- Concentrated formulation
- Complies with EN1276, EN13697 and EN14476 when used as directed.
- Effective against enveloped viruses.

**OPTA28 2x5 Litres**

# Optimum Ultra Concentrate Range

Kersia UK's Optimum Ultra Concentrated Products have been developed to meet the highest standards and performance, environmental sustainability and cost in use for todays busy Kitchen and Housekeeping departments.

The Ultra Concentrated dispenser system ensures the products are dispensed accurately and safely for either a refillable trigger bottle or to a bucket.

- **Clear Product Names**
- **Colour Coded Products and Systems**
- **Safe and Accurate Dispensing**
- **Pictorial Wall Charts**
- **High Performance standards with excellent cost-in-use**

## Ultra Concentrated Multi-Purpose Cleaner

Designed for general cleaning of Hard Surfaces and Equipment.

Each 2 x 2 litre pack of Ultra Concentrated Multi-Purpose Cleaner will produce 400 refillable 750 ml trigger bottles.

Product Pack – 2 x 2 ltr  
750 ml Refillable Trigger Bottle

**OPTU1 / 2 x 2**  
**OPTE234**

## Ultra Concentrated Fast Acting Disinfectant

A QAC based Fast Acting Surface Disinfectant. Complies with EN1276, EN13697 and EN1650 when used as directed

Each 2 x 2 litre pack of Ultra Concentrated Fast Acting Disinfectant will produce 266 refillable 750 ml Trigger Bottles.

Product Pack – 2 x 2 ltr  
750 ml Refillable Trigger Bottle

**OPTU2 / 2 x 2**  
**OPTE235**

## Ultra Concentrated Heavy Duty Cleaner

Designed for cleaning and degreasing heavily soiled areas and kitchen floors.

Each 2 x 2 litre pack of Ultra Concentrated Heavy Duty Cleaner will produce 400 refillable 750 ml Trigger Bottles and between 132 – 200 bucket solutions.

750 ml Refillable Trigger Bottle **OPTE236**

## Ultra Concentrated Toilet Refresher

Designed for daily cleaning and refreshing of toilet bowls and urinals.

Each 2 x 2 litre pack of Ultra Concentrated Toilet Refresher will produce 100 refillable 1 Litre bottles.

Product Pack – 2 x 2 ltr **OPTU4 / 2 x 2**  
1 Litre refillable bottle **OPTE238**

## Ultra Concentrated Washroom Cleaner

Designed for use on all washroom surfaces.

Each 2 x 2 litre pack of Ultra Concentrated Washroom Cleaner will produce 400 refillable 750ml trigger bottles.

Product Pack – 2 x 2 ltr **OPTU5 / 2 x 2**  
750ml refillable trigger bottle **OPTE237**

## Ultra Concentrated Glass Cleaner

Designed for use on glass, mirrors and general interior surfaces.

Each 2 x 2 litre pack of Ultra Concentrated Glass Cleaner will produce 400 refillable 750ml trigger bottles.

Product Pack – 2 x 2 ltr **OPTU6 / 2 x 2**  
750ml refillable trigger bottle **OPTE240**

## Ultra Concentrated Air Freshener

Designed with encapsulation technology to remove odours and leave a fresh fragrance.

Each 2 x 2 litre pack of Ultra Concentrated Air Freshener will produce 400 refillable 750ml trigger bottles.

Product Pack – 2 x 2 ltr **OPTU7 / 2 x 2**  
750ml refillable trigger bottle **OPTE239**

# Housekeeping

## Ultra Concentrate Toilet Refresher

- Designed for the daily cleaning and refreshing of toilet bowls and urinals
- Ultra concentrate formulation provides excellent in-use costs
- Mild fragranced cleaner

**OPTU4 2 x 2 litres**

## Ultra Concentrate Washroom Cleaner

- Designed for use on all washroom surfaces
- Ultra concentrate formulation provides excellent in-use costs
- Fragranced washroom cleaner

**OPTU5 2 x 2 litres**

## Ultra Concentrate Glass Cleaner

- Designed for use on glass, mirrors and general interior surfaces
- Ultra concentrate formulation provides excellent in-use costs
- For best results use sparingly with a lint free cloth

**OPTU6 2 x 2 litres**

## Ultra Concentrate Air Freshener

- Designed with encapsulation technology to remove odours and leave a fresh fragrance
- Ultra concentrate formulation provides excellent in-use costs
- Fragranced air freshener

**OPTU7 2 x 2 litres**

## Toilet Cleaner Concentrate

- Used for daily cleaning of toilets
- Concentrated formulation

Dispenser Pack: HG002/D**

## Odour Neutraliser With Fragrance Concentrate

- Removes malodours and leaves a fresh floral fragrance
- Concentrated for excellent in-use costs
- Contains odour encapsulation technology

**OPTA15 2 x 5 litres**

## Odour Neutraliser Fresh Linen Fragrance Concentrate

- Removes malodours and leaves a fresh fragrance
- Concentrated for excellent in-use costs
- Contains odour encapsulation technology

**OPTA24 2 x 5 litres**

## Mould & Mildew Remover

- Ready to use formulation
- Effective at removing mould and mildew from hard surfaces
- Non bleach based technology

**OPTA17 6 x 1 litres**

## Stain Remover

- Ready to use formulation
- Specifically designed for removing stains from carpets and soft furnishings
- For best results use with white absorbent cloth

**OPTA18 6 x 1 litres**

## Holistic Green Toilet Cleaner

- Eco Label accredited / Licence No: IE/020/004
- Ready to use formulation
- Suitable for the daily cleaning of toilets and urinals

**HG005 6 x 750 ml**

## Toilet Cleaner & Descaler

- Ready to use formulation
- Suitable for cleaning and descaling toilet bowls and urinals
- Directional angled neck bottle

**OPTA4 6 x 1 Litres**

## Virucidal Disinfectant RTU

- Ready to use formulation
- Suitable for use on most hard surfaces
- Effective against a wide spectrum of micro-organisms including bacteria, viruses, yeasts and moulds

**OPTA23 6 x 1 Litres**

## Urinal Blocks

- Long lasting fragrance to tackle unpleasant odours
- Suitable for urinals and cisterns
- Aids drain maintainence

**OPTB3 3kg Bucket**

## Hair Degradar

- Ready to use enzymatic hair degrader treatment
- Breaks down hair in sinks and drains
- Reduces malodour in drains

**OPTA21 6 x 1 litres**

# Hygienic Housekeeping

**RECEPTION, PUBLIC AND BEDROOM AREAS ARE KEY CUSTOMER INTERFACES AND A HIGH LEVEL OF CLEANLINESS IS PARAMOUNT.**

## Toilet cleaning

Toilets and urinals may have scale deposits which hold onto stains. Correct cleaning methods and toilet cleaning products will help to keep toilets clean and presentable.

## Bathroom cleaning

General cleaning of sinks, walls and floors in bathroom areas should be conducted with the appropriate washroom cleaner to help create the high standards expected. When cleaning glass and hard surfaces, it is important that they are left spot and streak free.

## Air freshening

It is essential that a room looks clean and smells clean. It is therefore crucial to use the correct air control solutions for your premises.

## Klor Release Powder

- Ready to use Chlorine release powder
- Suitable for cleaning and destaining crockery
- Effective at removing malodours from drains and sinks

**OPTK9 6 x 500g**

## Washroom Cleaner RTU

- Ready to use formulation
- Suitable for use on all washroom surfaces
- Effective against bacteria, yeasts and moulds

**OPTA2 6 x 1 Litres**

## All Purpose Cleaner

- Ready to use formulation
- Suitable for cleaning a wide range of surfaces
- Excellent general cleaner

**OPTA3 6 x 1 Litres**

## Glass Cleaner

- Ready to use formulation
- Suitable for mirrored surfaces, leaving a streak free finish
- For best results use sparingly with a lint free cloth

**OPTA10 6 x 1 Litres**

## Furniture Polish

- Ready to use formulation
- Anti-Static polish suitable for a wide variety of surfaces
- Leaves a pleasant fragrance

**OPTA7 6 x 1 litres**

## Odour Neutraliser With Fragrance RTU

- Ready to use formula
- Odour neutraliser which removes malodours leaving a floral fragrance
- Contains odour encapsulation technology

**OPTA15 6 x 1 litres**

## Odour Neutraliser Fresh Linen Fragrance RTU

- Ready to use formula
- Odour neutraliser which removes malodours leaving a fresh fragrance
- Contains odour encapsulation technology

**OPTA25 6 x 1 litres**

# Floorcare

## Polish Stripper

- Concentrated formulation
- Fast acting formula
- Designed to quickly breakdown old polish on floors

**OPTF4 2x5 litres**

## Floor Polish

- Hard wearing, easy to apply floor polish
- Provides a scruff and slip resistant finish
- Protects floor surfaces, can be buffed to high shine finish

**OPTF5 2x5 litres**

## Floor Cleaner & Maintainer

- Dual action neutral cleaner and polish
- Protects and leaves a slip resistant finish
- For a gloss finish, buff with a high speed floor machine

**OPTF6 2x5 litres**

## Floor Cleaner

# Laundry

## Laundry Powder Non- Bio

- Powder detergent for washing at low temperatures
- Suitable for use in commercial and domestic machine
- Cost effective in-uses

**OPTL1 10kg**

## Laundry Powder Bio

- Powder detergent for washing at low to medium temperatures
- Suitable for use in commercial and domestic machines
- Cost effective in-use

**OPTL11 10kg**

## One Shot Laundry Liquid Detergent

- Excellent soil removal and suspension
- Effective at removing blood and protein
- Concentrated formula designed for automatic dispensing

**OPTL7 10kg**

## Care Laundry Liquid Detergent

- Designed for use in commercial washing machines through an automatic doser
- Ideal for use in hospitality and care environments
- Concentrated formulation designed for automatic dispensing

**OPTL18 10 litres**

## Laundry Liquid Detergent

- Heavy duty detergent with excellent soil removal and suspension
- Effective at removing blood and protein
- Concentrated formulation designed for automatic dispensing

**OPTL3 10 litres**

## Laundry Boost Liquid

- Additive designed to improve the overall cleaning performance of heavy soils
- Concentrated formulation designed for automatic dispensing

**OPTL4 10 litres**

## Premium Fabric Conditioner

- Fragranced fabric softener
- Reduces static to make ironing easier
- Concentrated formulation designed for automatic dispensing

**OPTL13 10 litres**

## Laundry Liquid Destain

- Chlorine free bleach additive
- Based on 17.5% Hydrogen Peroxide
- Concentrated formulation designed for automatic dispensing

**OPTL5 10 litres**

## Laundry Emulsifier Liquid

- Additive to aid removal of tenacious stains
- Designed to be added in pre-wash cycle before detergent
- Concentrated formulation designed for automatic dispensing

**OPTL6 10 litres**

## Low Temp Laundry Destain ICE

- Low temperature destainer
- Chlorine free
- Concentrated formulation designed for automatic dispensing

**OPTL10 10 litres**

# Hand Care

## Pearl-Clenz

- Packed in a hygienic sealed cartridge
- Luxury pearlised hand soap
- Contains a high level of emollients to prevent skin drying out

**OPH24** 6 x 1 litres  
**OPTE144** Dispenser

## Holsan Gel

- Packed in a hygienic sealed cartridge
- Alcohol based hand sanitiser
- Conforms to EN1276, EN1500 and EN14476

**OPH22** 6 x 1 litres

# Corporate Social Responsibility

Our CSR project is named 'ACT for a positive impact', implementing initiatives with a measurable long-term effect on the three cornerstones:

People (social performance), Planet (environmental performance), Profit (economic performance).

## Our key business indicators are aligned with Sustainable

These indicators were collected by our 140 contributors through Tennaxia, a platform set up in March 2019 to track extra-financial data
